

**Non-compromising solutions to protect homes from catastrophic water damage.**

## **WaterCop® by DynaQuip**

### ***Leak Detection and Automatic Water Shut-Off Systems***

Nearly 25% of all homeowners have experienced significant water damage caused by leaking appliances and broken pipes. WaterCop Leak-Detection and Automatic Water Shut-Off gives homeowners a way to reduce the risk of catastrophic water damage – and gives you the opportunity to avoid costly insurance claims. It's just one solution in a complete line of WaterCop products that protect homes and your business interests.

**THE PROVEN LEADER IN HOUSEHOLD LEAK PROTECTION: WATERCOP IS THERE WHEN YOU'RE NOT.**

## WaterCOP® Leak-Detection and Automatic Water Shut-off:

Prevents costly insurance claims by monitoring homes 24/7 for plumbing leaks and water accumulation • Perfect for primary homes • Critical for second residences, which are typically left unattended for extended periods • Complements insurance companies' guidelines that require water damage protection devices for vacation and second homes • Monitors appliances and pipes that can typically leak and create substantial water damage • Syncs with most home automation or home security systems and also works with most emergency dialers • A proven resource for preventing water damage in vacation and second homes

### WaterCOP *CLASSIC*: Standard Whole-House Protection

### WaterCOP *PRO*: Premium Whole-House Protection

### WaterCOP *OUTDOOR*: For Residences on Slab Foundations

### WaterCOP *Z-WAVE*: Remote Access via Internet or Phone

### WaterCOP *LEAKSTOP*: Single-Point Leak Detection

The WaterCOP family of products provide homeowners with round-the-clock indoor flood protection. Works with wired and wireless flood sensors, wall switches, and most home security and home automation systems.
